

Marines Care Package Project™ List of Items Needed by Marines in Iraq and Afghanistan

Support our Marines! We need items to send in the care packages. If you, your company or organization would like to donate items to support the Marines, please use this list as a reference for the types of items to collect for the Care Package Project. All items must be new and in the original sealed packaging (except recreation items as noted below). Homemade food items cannot be accepted.

NOTE: Food items shipped with toiletry items will taste like deodorant, foot powder and toothpaste. To avoid this, please deliver all food items packaged separately from all toiletry items or separate them into plastic bags.

MOST REQUESTED ITEMS

UPDATED MARCH 14, 2011:

Do not send glass containers. Pork and pork by-products are not allowed to be shipped to most Middle East combat locations. Please send non-perishable foods only. Single-serving package sizes are preferred; large packages won't stay fresh and are harder to ship. If you can stuff it in your pocket and it's not going to spoil or melt during the summer season, it's a good thing to send!

Beverage Items

- Instant coffee
- Ground coffee
- Hot cocoa mix
- Lemonade mix, Kool-Aid® mix, Tang®, iced tea mix
- Gatorade® mix (powdered only)
- Crystal Light® (or other brand) "On The Go" flavor packets
- Sugar and creamer packets for coffee (no artificial sweetener)

Send small containers please. We cannot ship liquids. However, the Marines like flavors to add to the drinking water provided to them. Please send pre-sweetened or sugar-free flavoring mixes in small or single-serving packages. During the colder months, hot beverages are in great demand. Please do not send glass jars.

- Fingerless gloves
- Cotton socks, black, green, or white

Foot Care Items

- Anti-fungal treatments
- Boot liners/insoles
- Odor eaters for boots
- Lotrimin AF or Tinactin for athletes foot (tubes of ointment or cream, or the bottle of drops; please do not send the aerosol spray type)
- Medicated Foot Powder, Medicated Foot Swabs (Gold Bond Preferable)
- Moleskin (for pads on sore feet, you'll find it with Dr. Scholls type things at WalMart or drug stores)
- Band-Aids (Sweat/water resistant)
- DO NOT Send baby powder

Footcare is critical and the demand for quality products is very high. Be sure that all items are in the original, sealed packages.

Personal Care Items

- Sunblock (travel size or stick preferable, SPF 30+)
- Throat Lozenges
- Eye Drops (to relieve dry eye, not redness)
- Blistex, Chapstick, Carmex (in stick-tubes rather than tubs, not tinted)
- Aspirin, Motrin, Tylenol, Midol, Pain Relievers (small containers)
- Saline spray/drops for sensitive nasal passages
- Travel Size packages of Q-tips
- Eyeglass wipes

Lip balm is in high demand in desert areas. The lipstick-style tubes that you apply directly to your lips are preferred over the "tub" style. Eyedrops are to relieve dry eyes; please avoid sending eyedrops designed to remove redness as those will increase dryness and irritation caused by sand and storms in a desert climate.

Body Wipes & Hand Sanitizers

- Baby wipes for personal hygiene (alcohol-free)
- Women's feminine wipes
- Liquid hand sanitizers (no pump-style dispensers)
- Disposable hand sanitizing wipes

Please do not send pump dispenser style bottles. When the Marines are out in the field, facilities for showering and taking care of personal hygiene are infrequent and in many locations non-existent. Portable-sized packages of non-alcohol based baby wipes are in high demand for these Marines.

Toiletry Items

Toiletries are not in as high a demand as they once were; however, we do have units at forward operating bases that still need the toiletries listed below:

- Toothpaste (in hard-side tubes rather than traditional tubes)
- Toothbrushes
- Nail clippers
- Shampoo
- Men's and women's Deodorant
- Liquid body wash soap, liquid anti-bacterial soap (No bars of soap or pump-style dispensers)
- Lotion (no pump-style dispensers)
- Disposable multi-blade razors (no single blade razors please)
- Razors and replacement blades
- Kleenex (travel-size packets)
- Oral B Brush-Ups™

Please purchase small or travel-size items for personal care. We try to send a new toothbrush in every package, so the demand is very high for toothbrushes. Toothpaste tubes get messy; the plastic "bottles" of toothpaste stand up better to the conditions of combat zones. The new "Brush Ups" are very popular and useful for the Marines.
